

Information Memorandum No. 02-232

Memorandum For Cdrs DCMDs, DCMA CMOs

Subject: DCMA Deployment of Wide Area WorkFlow Receipt and Acceptance (WAWF-RA) (INFORMATION)

Date: March 8, 2002

Target Audience: All DCMA personnel involved in the inspection, acceptance, and payment processes.

New Information/Guidance/Tools:

- This information is applicable to paragraph 4.6.6, Authorizing and Accepting Shipments, and subsequent subparagraphs of chapter 4.4 - Supplier Quality Assurance.
- Reference Information Memorandum 02-019, where we announced DCMA will initiate agency wide deployment of WAWF-RA in 2nd quarter of FY 02.
 - As expected, electronic input to WAWF-RA, via File Transfer Protocol and Electronic Data Interchange (EDI), is now available in WAWF.
 - In addition, the user ID and password inspection and acceptance option, and EDI outbound to SAMMS and STARS, are also available.
 - Destination acceptance awaits only the services' deployment of WAWF-RA. They should begin their deployments in the 3rd quarter FY02.
- Accordingly, the Director DCMA has approved the DCMA wide deployment of WAWF-RA. CMOs have already identified CMO Project Leads and Group Administrators (reference Tasking Memorandum No. 02-023) and the District leads have been contacting them to schedule training.
- Additional information and tasking memorandums will be issued in the near future, including a tasking identifying training dates and locations as well as directing contractor marketing efforts, which should be issued within the next thirty days. Additional information will be posted on the Electronic Invoicing link of the DCMA home page.
